SWEET CHARITY.

The Sufferers From the Eastern Fires, Homeless and Penniless, Appeal for Aid.

A Woman and Her Daughter Go Down in Lake Erie to a Watery Grave.

The Usual Complete and Condensed Summary of the Events in the Busy World.

Help Asked.

HOMEDALE, Pa., May 5.—Large numbers of people viewed the ruins at Brechin yesterday. The rain has dispelled the fear of a renewal of the fire. A strong appeal is made for immediate aid. Hundreds are compelled to sleep in caves, having no bed coverings or bed. Money is needed to provide shanties.

PORTE JEBIE, N. Y., May 5.—The village of Galman's depots desolate. Nothing remains but the smouldering feed barns. The residents are compelled to sleep in barns. Many spent the night in the mills sleeping on saw dust. They have lost everything.

Fire Record.

NORRISTOWN, May 5.—The bridge over the Schuylkill river at Roger's Ford burned Sunday. Loss \$9,000.

NEW BEDFORD, Mass., May 5.—The fire in the woods near Dartmouth is still burning. From 150 to 200 acres have been burned.

ALTOONA, May 5.—The last of the Blue Mountain fires along the northern line of Berks county were extinguished to-day.

SHENANDOAH, Pa., May 5.—The rain has extinguished the fire in this vicinity.

Drowned.

CLEVELAND, May 5.—A Cleveland dredge in tow of a tug, bound west, capsized in consequence of the breaking of the towing chain, at 8 o'clock last night, four miles from Black river, and the woman cook, name not ascertained, and her daughter were drowned. Seven men were rescued by the tug.

Wars and Rumors of War.

TANGER, May 5.—The friendly relations between France and Morocco have been ruptured in consequence of the authorities of Morocco dismissing the governor of Wazana. At the demand of the French representative, the French legion hauled down the flag.

French Election.

PARIS, May 5.—The French municipal elections have been held, but there will be no material change in the Paris council. The large towns have given a majority for the moderate republicans.

Still Joking.

TORONTO, May 5.—One cartridge which was found beneath the Provincial parliament building has been analyzed and found to be filled with dudlin, a stronger explosive than dynamite.

Lots of Reasons.

NEW YORK, May 5.—Judge Wallace in the United States courts has ordered Shipping Commissioner Duncan to show cause why he should not be removed for malfeasance of office.

In Egypt.

ASSOUAN, May 5.—Two thousand refugees have reached here from Korak; more are coming in daily. The evacuation of Korak is proceeding quietly.

Postponed.

BERLIN, May 5.—The national liberal meeting has been postponed until the 8th, Von Braunzen and Dr. Miguel, the leaders, not being able to attend before.

Failure.

LONDON, May 5.—The Ceylon company, of this city, has failed. It owed the Oriental bank \$2,000,000.

England's Loss.

DUBLIN, May 5.—Michael Davis has abandoned politics. He goes to Australia.

THE DAILY SENTINEL list last Saturday. Not bad for one day.

A. S. Lauerty has purchased Charley Buck's hat and furnishing store on South Calhoun street. Mr. Lauerty is a very enterprising merchant.

The motion for a new trial in the case of William Boyle will be argued by Messrs. Colerick & Oppenheim, before Judge Hench, Friday next.

The funeral of Mrs. Mary Ryan will take place from her late residence, No. 320 Lafayette street, on Wednesday morning at 9 o'clock. Services at the Cathedral.

The grand jury met this afternoon and were charged by Judge Hench to their duty. Sunday law violations were touched and may be considered by the grand jury.

Rev. Bishop Knickerbacker administered the sacrament of confirmation at the Trinity Episcopal church yesterday. The learned divine was the guest of Hon. F. P. Randall.

S. B. Husselman, proprietor of the Railroad Gazette, San Francisco, is at the Mayor house. Mr. Husselman was formerly a resident of this city, but has been in California for twenty-one years.

Alfred Hatterley was never defeated for councilman in the Fourth ward, as the *Gazette* would have people believe. The people of that ward understand their interests too well to defeat such a gentleman as Mr. Hatterley.

Mrs. William Ryan, one of the oldest citizens of Fort Wayne, died this morning at half past eight at her home No. 320 Lafayette street. Mrs. Ryan came here in 1835, and has lived here ever since. She is the mother of eight children, five of whom survive her. Mrs. Ryan was born in Limerick, Ireland, and her age at the time of her death was seventy-five years. She was a good mother, a devout Catholic, and was loved by all her friends who will mourn her loss.

The City Convention.

Saturday night the city convention convened in the council chamber on Barr street. Mr. W. W. Rockhill was chosen chairman and Mr. Henry Colerick secretary. The roll call showed a full representation from every ward. Mr. Rockhill announced that nominations for water works trustees were in order. W. D. Maier announced the name of Charles McCulloch, who was unanimously nominated as a candidate for water works trustee to serve three years.

City Attorney Colerick was then called on and stated that the question as to the length of Marshal Meyer's term of office was shrouded in very fine legal points, and advised it best to nominate and elect him now, thereby setting at rest all questions as to his right to the place. Mr. Deidrich Meyer was then unanimously nominated for marshal.

The following ward committeemen were then named and the convention adjourned:

First ward—Henry Monning.

Second ward—Michael Walsh.

Third ward—A. Wolf.

Fourth ward—W. D. Maier.

Fifth ward—Andy Theine.

Sixth ward—Nicholas DeWald.

Seventh ward—Wm. Hoch.

DEMOCRATIC TICKET.

For Marshal.

J. R. PRENTISS.

Don't fail to vote.

This democratic ticket is worthy of your support.

A DEMOCRATIC COUNCIL has placed the city on a sound financial basis.

Vote early to-morrow; but if not early a vote is better late than never.

Put the republicans on the run to-morrow and keep them trotting all day.

Each democrat is a committee of one to see that his own vote is recorded to-morrow for the entire ticket.

The new democratic organ of Wabash made its first appearance last Saturday. The first number was a very creditable one.

PETER SIEBEL will be elected councilman in the Seventh ward by a handsome majority. He is a mechanic and a clean, honest, intelligent gentleman.

CAPTAIN HETTLER has published a card declining to be a candidate for councilman from the second ward. Mr. Hettler will support Mr. Mohr.

JOHN B. MONNING should be elected councilman in the First ward by a rousing majority. He is a bright, successful business man and will make a splendid alderman.

This is presidential year, and every democrat should go to the polls to-morrow and support the regular nominee. Let no republican victory be heralded from Fort Wayne.

THE people of the Eighth ward will return John W. Vordermark to the council. His fearless course in that body is commendable on all hands, besides he is familiar with the business of the city.

J. R. PRENTISS will get about the unanimous vote of the Ninth ward. A republican is running against Mr. Prentiss, but he won't be tolerated by the people, who recognize Mr. Prentiss' sterling worth.

ABRAHAM WOLF will not be opposed in the Third ward. As chairman of the fire and police committees he has made a splendid record, and the people want him in the same committees again. Mr. Wolf is the watch dog of his department.

JOE COPE fired a volley of coarse shot at THE SENTINEL in a pot metal sheet yesterday morning. Joseph is a candidate for county clerk and we suppose is angry because THE SENTINEL does not boom him for that office. THE SENTINEL only booms those who are deserving and competent.

ALFRED HATTERLEY is the candidate for councilman in the Fourth ward. The people know him, honor him and trust him. In the council he will be wise, sagacious and economical. No better nomination could be made, and THE SENTINEL trusts Mr. Hatterley will be elected by such a majority as will encourage business men to seek municipal offices.

JOHN MOHR, JR., should be returned to the council from the Second ward. His loss to the finance committee would be a public calamity. Fort Wayne is now on a cash basis, has not a cent of floating debt and her orders are cashed on presentation to the city treasurer.

Mr. Mohr will continue the good work and is just as careful and jealous of the city's finances as he is of his own or those of the Hamilton National bank.

EVERY democrat should work for the success of the entire ticket to-morrow. Indifference and carelessness will not do this year.

DEMOCRATS and all fair-minded men who favor economy in the management of the city's affairs should retain the democrat in power.

Let there be no faltering and no "scratching" on the part of the democrats to-morrow. Every nominee from water works trusted to the bottom of the ticket is worthy of your support and of your earnest work.

Quare a number of prominent democrats were inveigled into a scheme to take the Journal elephant off M. V. B. Spencer's hands by C. A. Zollinger, but when the nature and true inwardness of the job is exposed they drop it like hot lead. Democrats do not feel bound to renumerate Mr. Spencer for his worthless investment in a pot metal enterprise. Neither do democrats deem it incumbent on them to further feather Mr. Zollinger's nest.

We stated in last Saturday's issue that Mr. Spencer had paid \$2,500 for the Journal office when he became its owner. A prominent citizen has since informed us that it was a mistake and that he had only paid \$1,800. The notes of the purchase are now in the Hamilton bank. After losing several thousand dollars in conducting the office he now desires to unload for the sum of \$5,000. Suckers will not nibble very hard at pot metal bait in Fort Wayne.

The democrats have honored Hon. Charles McCulloch, the present incumbent, with a re-nomination as water works trustee. Mr. McCulloch needs no word of commendation at our hands. He is too well and favorably known to the people of Fort Wayne, has been too long identified with the business interests of the city and has served during the past years so acceptably that it would be useless to multiply words in his favor. The voters of Fort Wayne, irrespective of party, should give him a hearty support.

DEIDRICH MEYER, who asks the support of the people for the position of marshal, which position he now holds, has made a good record in the various positions in which he has served as a peace officer of the city. He is shrewd, capable and efficient, and has at all times served the best interests of the city. He is now before the people simply to settle a question which might arise in regard to the length of his term of office. Mr. Meyer's cause in this should be commended by every good citizen, and he should be elected by a handsome majority.

CONTUMPTIBLE FALSEHOOD.

A good and worthy person was in the city a few days ago contemplating moving to this city and embarking in business. A prominent firm advised him not to come if he had not more than \$500, as taxes would absorb that much, for argued they, the county's indebtedness is over \$300,000.—From Sunday's Gazette.

It is a misfortune that "a good and worthy person" was driven from Fort Wayne by a "prominent firm" who no doubt were misled by the villainous misrepresentations of the Gazette, a paper that seeks support and patronage in this city and country, whose financial standing it hesitates not to exaggerate, malign and defame in its mad efforts to bolster up a political party of plunderers, rascals and demagogues. The Gazette knows that no city in the world is managed better than Fort Wayne; it knows that its tax levy is indisputably low, and its affairs honestly and economically managed on a cash basis. The Gazette knows that the total debt of Allen county is less than \$200,000; it knows that the tax levy for county purposes is but 75 cents; it knows that the rest is levied for state and school funds; it knows that next month County Treasurer Dalman will redeem and call in \$150,000 of outstanding orders; it knows that after the payment of the next installment Mr. Dalman will extenuate all the outstanding county orders practically wiping out the county debt; it knows that every cent of the county debt was expended for needed improvements and the payment of legitimate county expenses; it knows that not one cent was stolen, not one cent squandered, and still it continues to traduce and belittle the good name, financial standing and very best interests of the city.

JOE COPE fired a volley of coarse shot at THE SENTINEL in a pot metal sheet yesterday morning. Joseph is a candidate for county clerk and we suppose is angry because THE SENTINEL does not boom him for that office. THE SENTINEL only booms those who are deserving and competent.

ALFRED HATTERLEY is the candidate for councilman in the Fourth ward. The people know him, honor him and trust him. In the council he will be wise, sagacious and economical. No better nomination could be made, and THE SENTINEL trusts Mr. Hatterley will be elected by such a majority as will encourage business men to seek municipal offices.

unanimous vote of the Ninth ward.

sterling worth.

ABRAHAM WOLF will not be opposed in

the Third ward. As chairman of the fire

Wolf is the watch dog of his depart-

ments.

for councilman in the Fourth ward.

MONDAY, MAY 5, 1884.

THE CITY.

All the courts are in session.

No Sunday base ball was played yesterday.

Vote the democratic ticket straight tomorrow.

Cal Wagner's minstrels are coming this way.

J. E. Root will not run for councilman in the Third ward.

Dr. G. T. Barnum and Louis Brames were at Chicago yesterday.

Saturday the Fort Wayne club was defeated by a score of 2 to 19.

The Bay City nine went to Terre Haute yesterday to play ball.

Dink Trentman went to Toledo last night to engage new ball players.

The Catholic Knights of America met in regular session yesterday afternoon.

The circus comes here from Bluffton next Sunday, and shows one week from to-day.

John Druegmeyer, of the Banner clothing house, has recovered from his recent illness.

The Butler Heard Rubber company has begun an attachment suit against Henry Bohrman.

Next Saturday evening Colonel R. S. Robertson will address the young republicans of Terre Haute.

The St. Louis base ball nine got \$75 for coming here. They did not play yesterday because of the rain.

Large scales have been planted at the corner of Broadway and Jefferson streets to be used in weighing hay and corn.

"Hazel Kirk" was acceptably presented at the Academy Saturday night. The play, however, is old to most people.

Charley Ryan found an infant child on his father's door step, on Lewis street, Saturday night. He carried it to the City hospital.

Pat Golden, an old section mechanic, was filled up yesterday and woke up in the cooler this morning. Patrick is the guest of Sheriff Scheifer.

Salsbury's Troubadours appear here soon in their play "Three of a Kind." Nellie Salisbury, Tom Jackson and Miss Nellie McHenry are the stars.

Rt. Rev. Bishop Rademacher, formerly pastor of St. Mary's church, now of Nashville, Tenn., confirmed 120 children in the Catholic faith at Lafayette yesterday.

Harmon, of the Fort Wayne nine, is handy with boxing gloves. He is quite a slugger and knocked the colored pugilist of Detroit out before he came here.

A game of base ball was played in the grand stand at League park yesterday. Harry Buckles turned a double somersault over the railing in an attempt to catch a fly ball.

Captain Scott Swan tells THE SENTINEL reporter he will not be a republican candidate for sheriff. The captain says he was sacrificed once and that is sufficient strain on his roll.

A decision of the supreme court is soon expected in the Geary graveyard case at Lafayette. Only one death in the Catholic congregation has occurred since young Geary was buried.

Letters received from Warden Murdock, who is at Hot Springs, Ark., state that his health is greatly improved; also, Mrs. Murdock was well and enjoying her trip hugely, all of which their many friends are pleased to learn.

Notice is given by the Nickel Plate that Hegewisch, Ill., a point 506 miles west of Buffalo and eighteen miles from Chicago, has been opened as a regular station for business to and from the United States Rolling Stock company's works.

It is but thirty days since the Wabash people began to run their passenger trains to better accommodate the northern part of the state, and already there has been a perceptible increase in the earnings of the old Indianapolis, Peru and Chicago division of the Wabash.

Mr. M. Knight, general freight agent of the Wabash road, gives notice that from and after May 15 the line now operated by this company between Toledo and Detroit, via Milan, Mich., will be discontinued, and no train service will be performed by this company after that date.

Yesterday was a gala day at the cathedral. In the morning thirty-four children partook of the blessed sacrament and in the afternoon the rite of confirmation was administered by Rt. Rev. Bishop Dwenger, who also preached an eloquent sermon. Rev. Father Brammer dined in the morning.

The Pittsburg, Fort Wayne and Chicago road has given orders that until further notice it will decline to receive shipments of grain at Chicago for export via Boston, as the New York and New England railway has notified it that that line cannot receive the same. This refers to export shipments alone.

There is now no scarlet fever at the county judiciary.

Gust Stroed has recovered from a severe attack of rheumatism.

The Ariou society has not yet secured a leader to take the place of Prof. Horner.

Division Engineer Pardee, of the Nickel Plate road, will remove his office from Chicago to this city May 8.

The State Teachers' association will meet at Rome City July 1 and 2. This city will send a full delegation.

Rev. D. Sauer and Fred Theime are at St. Louis representing Fort Wayne in the Lutheran synod in session there.

Mr. Frank McDonald, of the Nickel Plate train dispatchers' office, has been appointed manager of the new National telegraph office in this city.

F. F. Conner, traveling for the Eberhard Manufacturing company of Cleveland, is in the city. Mr. Conner used to reside here and is a clever fellow.

S. E. Morse, exchange editor of the Chicago Times, was in the city yesterday the guest of Hon. R. C. Reff. Mr. Morse is enjoying the best of health now.

Peter Riley and Josh Williams left last night for New York City, from whence they will sail for Europe. Mr. Riley will go to Ireland and Mr. Williams to Wales.

A SECOND LETTER.

The Water Works Question Reviewed Further by Hon. William Fleming.

To the Editor of THE SENTINEL:

The Fort Wayne organ of the administration, which has pursued with such venom and malice a conspicuous and useful member of the party which it represents, says that I do not display my customary shrewdness in referring to this matter (the water works question) in print. The same newspaper, in its report of the proceedings of the last meeting of the council, uses this language:

"The canal ring have thus shown their hand, and at the next council meeting the matter will be decided. Hon. William Fleming and other individuals who are owners of the stinking and sewer-covered feeder canal, a horrid cesspool in summer and only valuable, provided a corrupt council buys it at a round sum in order to poison our citizens by forcing its stagnant, reptile-infested water down their throats. We on board smiling confidently as their willing tools cringed to their master and mutely rubbed their palms, perchance foreseeing a golden reward between them for their perfidy to the people who made them custodians of the public purse. The people will vigorously interest themselves in seeing what men go into the council."

The above is only a fair specimen of the manner in which some of the newspapers in the city have lampooned the owners of the canal for the past eight years. It will hardly, I think, be regarded in view of the outrageous treatment accorded the canal owners, and the disgraceful attacks made upon their property, that after years of silence, I, as a citizen and taxpayer, should venture a few observations upon such vital importance to the entire community.

The statement has been recently published that certain well known gentlemen, who favored the purchase of the canal last summer, when it was owned by the railroad company, now oppose it because Fleming & Co. have again bought it and want, as they say, \$5,000 above the railroad company's price. This statement is not in accordance with the facts, as might easily have been ascertained by the writer if he had made inquiry. The truth is that the present owners of the canal, in order to protect their interests in the paper mill and the Rudisill mill, over since the sale to Brown, Howard & Co., have had an option on the feeder, of which they availed themselves, when it became necessary to prevent prospective damage to these properties. It is also a fact, known to most of our citizens and easily ascertained by all of them, that I acquired the ownership of the paper mill, as did Messrs. Bass and Sims of the Rudisill mill, through circumstances, rather than from choice, and wholly independent of any desire to control the water of the St. Joe river or canal.

But soon after the purchase the owners of the canal proposed to convey to the city in such a manner as would be satisfactory, the right to all the water she would ever want for supply, allowing her to take it from the canal or river or both, at her option, for \$12,000. This was declined and was made the occasion of deluging the owners of the canal with a fresh torrent of abuse and for threats of the destruction of their property and that too by men holding official positions.

It has been ascertained by those who wish to supply the city with unfiltered water from the brewery, that the washings of old straw cooked in lime are really a disinfectant and do not injure the water, and that the offal and refuse matter from the paper mill are rather beneficial than otherwise.

There is possibly some scientific basis for these assertions, but I think most readers of THE SENTINEL will agree with me in preferring to have their water clear and to take their medicine in some other form. If lime and straw are beneficial, how about copper? This is used in large quantities at times. It is also a purifier and some preparations of it are extensively used, I believe, as an emetic. But I do not believe the people want it in their drinking water. For worse, however, than lime, logwood or copper are the washings from the old papers, etc., gathered in the streets, alleys and gutters of Chicago and other cities. About 2,000 pounds of this material on an average are used every day. This ingredient may thicken the water somewhat, but that, it will be conceded, is a very questionable advantage.

It is admitted that the city will have to pay for the St. Joe river water, whether taken from the dam or from the "riffle." In view of what has happened it is to be expected that Messrs. Bass and Sims will resist, by every means in their power, the attempt to take this water in the way proposed. After the appearance is made, the amount named paid into court and work begun, a jury of this or some other county, may fix the amount at a very much larger sum than has been set down as what they ought to be allowed. This is one item.

Mr. Cook, for whose judgment these people profess so much respect, in a report to the common council, gave it as his opinion that the saving in cost alone in pumping 2,000,000 gallons per day, with coal at \$3 per ton and on a basis of engine duty of 6,500,000 pounds of water raised one foot high for every 100 pounds of coal, would be about \$200 per year. It is but fair to estimate the saving in cost, repairs, damages to be paid for land, water, etc., at \$1,200 per year. This would be 6 per cent. interest on \$20,000 of city bonds, just \$8,000 more than the sum for which the city could, in a friendly way, have obtained all the water needed, and more than she can ever get through her condemnation suits.

There are other considerations which naturally suggest themselves, to prudent men, and which would certainly control counselees, if they were acting as private individuals, from adopting the proposed scheme of going to the "riffle." If the water is to be filtered (and filtered it should be or the people will not use it) there would be a large saving in the cost of pumping, if the water is taken from the canal. The extra cost of pipe if it is extended to the "riffle" and there are other items which it is not necessary to enumerate.

A number of physicians along the Wabash road, who had been chosen delegates to the meeting of physicians in Washington, passed through the city this morning en route to that city. They will be given an excursion while there down into Virginia.

The plans for the new building at the Fort Wayne M. E. college are nearly completed and the bond will be ready to receive bids in a few days. The whole building is to be enlarged and remodeled and, in addition, a new building is to be erected in the near future.

The Wabash, St. Louis and Pacific company operates 3,518 miles of road, of which 808 miles is leased. The annual charges on the principal leased lines is \$765,245 per annum. The bonded debt is \$41,114,675, and the rate per cent, of interest averages 6% cents per annum.

Dr. Richard Oberhander, Leipzig, Germany, Sec. Ethnological Museum, F. S. U. A. A. M. G. S., author of "Foreign Nations," writes: "Having been troubled with my old chronic neuralgic pains, I was advised to try St. Jacobs Oil, the great pain-reliever. I tried it and was entirely cured."

The names of 165 persons have been handed to the grand jury of the Angola circuit court, during the present term, as violators of the fish law, and it is promised that 150 more are to follow. The list includes some of the most prominent men in the county and the charges against them are pronounced false.

The character of the testimonials to the merits of Athiphoros are as marked and exceptional as the remedy itself is among medicines. They come from conscientious, careful speaking people, who are not easily deceived, and do not take stock in remedies without virtues. For instance, J. S. Carr, the President of Blackwell's Durham Tobacco Co. writes: "I have known Athiphoros to give entire relief in cases of neuralgia in head and face. I unhesitatingly recommend it to persons suffering with neuralgia and rheumatism. This is the first testimonial I have ever given for any preparation, but I am so well pleased with Athiphoros that I deem it a duty."

Elizabeth Lary and Elizabeth Tary had a hair pulling last evening at their homes, near the Nickel Plate road. Mrs. Lary is an opium eater and is as pale and thin as a stick of chalk. This fact did not prevent her from flying into Mrs. Tary's hair, which she was industriously weeding when Officers Wahreburg and Palmer escorted them to the city prison. The women were vicious and wanted to fight en route to the jail.

Many of the bitters and quack nostrums of the day are also advertised for consumption on the plan that the only thing that the stuff won't cure is the avaricious, ignoble greed of the proprietor. Don't be deceived. The best remedy for strengthening the lungs, soothing all irritation, and stopping the cough, is Dr. Wistar's Balsam of wild cherry. It has cured many cases where physicians had given up hope.

Professor Deutscher has a large class now striving to master the German language.

Hon. E. L. Chittenden and E. C. Rurode celebrated their birthday anniversaries yesterday.

Minnie Paul and Mollie Hall, two very depraved and ragged vagrants, were before the police judge this morning. The officers found the women sleeping in the coal sheds, near the stock yards. The girls will have a chance to mend their ill-fitting garments at the jail.

The indications for the lower lake region as reported for THE SENTINEL by the weather bureau at Washington are as follows: Cloudy, southerly winds, becoming variable, stationary temperature, followed by winds shifting to westerly, lower temperature Tuesday morning.

Supt. Jerry Hillegas, of the county schools, is preparing his report to the state superintendent of public instruction. In the city of Fort Wayne there are 7,147 boys between the age of six and twenty-one years, and 7,554 girls, making a total of 14,701. This is considerable of an increase over the enumeration of school children last year.

Concentrate Vitality.

All existants, to radically cure, must be innocent. The art consists in continuing their use until matters in the system contrary to health are removed. Health finds happiness in the mere sense of existence.

Brandreth's Pill's stimulate the blood so as to enable nature to throw off all morbid humors, and cure disease, no matter by what name it may be called.

The secret of recruiting the vital principle is discovered in Brandreth's Pill's, because they remove what holds it in check. It is believed that they possess the elements of vitality. Heat, healthy animal warmth, is certainly increased by the use of this wonderful medicine.

Provided the great organs are not irreparably injured, there is no disease Brandreth's Pill's will not cure. The true art of healing is to assist nature to throw off disease—to concentrate, as it were, the whole vitality of the system to eject the enemy that has fastened on a part.

Get Brandreth's Pill's! Be put off with none other, and follow the printed directions and health will surely bless you.

Quite a number of children were admitted to first communion at St. Peter's Catholic church yesterday. Rt. Rev. Bishop Dwenger confirmed the young people in the faith in the afternoon.
